Apathy is a lack of feeling, emotion, interest, and concern about something of great importance. Apathy is a state of indifference, or the suppression of emotions such as concern, excitement, motivation, or passion. An apathetic individual has an absence of interest in or concern about emotional, social, spiritual, philosophical, or physical life and the world.

The bystander effect, or bystander apathy, is a social psychological phenomenon in which individuals are less likely to offer help to a victim when other people are present. The greater the number of bystanders, the less likely it is that one of them will help. Several factors contribute to the bystander effect, including ambiguity, group cohesiveness, and diffusion of responsibility that ...
