

attribution theory applications to pdf

Humans are motivated to assign causes to their actions and behaviors. In social psychology, attribution is the process by which individuals explain the causes of behavior and events. Models to explain this process are called attribution theory. Psychological research into attribution began with the work of Fritz Heider in the early 20th century, and the theory was further advanced by Harold ...

A Computational Introduction to Number Theory and Algebra

Information theory studies the quantification, storage, and communication of information. It was originally proposed by Claude E. Shannon in 1948 to find fundamental limits on signal processing and communication operations such as data compression, in a landmark paper entitled "A Mathematical Theory of Communication". Applications of fundamental topics of information theory include lossless data ...
