For many years now I've been banging on about 'Tier 1 Solar Panels'. My recommendation has always been that you should spend a few hundred dollars more for Tier 1 panels, so that you can massively reduce the risk of having crappy solar panels installed on your roof. I make this simple recommendation because understanding the quality and reliability of a solar panel or the company behind it is ...

A lot of people are wary of Chinese solar panels. China doesn't exactly cover itself in glory with some of the low quality junk it manufactures. But, as I have said many times before, China also produces some fantastic quality stuff. Need examples? I bet the device you are reading this blog on was made in the People's Republic. The Macbook Pro I am writing it on certainly was and it is ...
