Science in a broad sense existed before the modern era and in many historical civilizations. Modern science is distinct in its approach and successful in its results, so it now defines what science is in the strictest sense of the term. Science in its original sense was a word for a type of knowledge, rather than a specialized word for the pursuit of such knowledge. In particular, it was the ...

Heroic men, heroic women, and animals . See also the section The courage of the bullfighters, which includes material on the courage of the rock climbers and mountaineers, including the remarkable achievements of the free climber Alex Honnold.. This is a very varied section, like some other sections of the

page. So much writing in support of bullfighting is suffocating in its exclusion of the ...
