In statistics, a misleading graph, also known as a distorted graph, is a graph that misrepresents data, constituting a misuse of statistics and with the result that an incorrect conclusion may be derived from it.. Graphs may be misleading through being excessively complex or poorly constructed. Even when constructed to accurately display the characteristics of their data, graphs can be subject ...

Interracial marriage is a form of marriage outside a specific social group involving spouses who belong to different socially-defined races or racialized ethnicities. In the past, it was outlawed in the United States of America and in South Africa as miscegenation. It became legal in the entire United States in 1967 when the Supreme Court of the United States ruled in the case Loving v.
