As its name suggests, the purpose of this formation is to "overload" one side of the ice with a 3-on-2 matchup. When applying this power play system in the attacking zone, it is advised that your power-play units stick to one side of the ice every time in order for your players to become more familiar with each other working in this play's formation.

argue, is a reflection of the firm's realized strategy. We find that in simple competitive situations there is a one-to-one mapping between strategy and business model, which makes it difficult to separate the two notions. We show that the concepts of strategy and business model differ when there are important

### **From Strategy to Business Models and to Tactics**

The 1-3-1 power play is a strategy that started in Europe, but is going to become the next big thing in the NHL real soon. In 2010-11, the Lightning were the first team to really showcase it consistently in the NHL and teams had a hard time defending against it.
