This is a list of genres of literature and entertainment, excluding genres in the visual arts. Genre is the term for any category of literature or other forms of art or entertainment, e.g. music, whether written or spoken, audio or visual, based on some set of stylistic criteria. Genres are formed by conventions that change over time as new genres are invented and the use of old ones are ...

Wikipedia contains numerous articles on subjects related to fiction, including fictional worlds and elements therein. When creating these articles, editors should establish the subject's real-world notability by including several reliable, independent secondary sources. This approach will also ensure enough source material is available for the article to be comprehensive and factually accurate.

However, if you are discussing, for example, the historical context in which the episode originally aired, you should cite the full date. Because you are specifying the date of airing, you would then use WB Television Network (rather than Mutant Enemy), because it was the network (rather than the production company) that aired the episode on the date you're citing.
