The "Blood Qur'an" is a copy of the Islamic holy book, the Qur'an, claimed to have been written in the blood of the former president of Iraq, Saddam Hussein over the course of two years in the late 1990s. Saddam commissioned the book in 1997 on his 60th birthday, reportedly to give thanks to God for helping him through many "conspiracies and dangers". He explained his reasons for commissioning ...

A written language is the representation of a spoken or gestural language by means of a writing system. Written language is an invention in that it must be taught to children, who will pick up spoken language (oral or sign) by exposure even if they are not specifically taught.. A written language exists only as a complement to a specific spoken language, and no natural language is purely written.
