

your log house the pdf

And so it is that some people approach the building of a log house with the idea that the tree as it stands is not quite right, that it should have (as a longtime logger said to me) "some kind of finish".

in the twentieth century

YOUR CABIN IN THE WOODS The techniques of cabin building described here derive from the American pioneers, and Conrad Meinecke was truly possessed of the American pioneer spirit. The cabins he outlines from the simple framed tent and two-man squatter to the long house and five-room family cabin, are all built of
